

EP Elections Package: Party Manifesto Summaries

All the major European parties have now published their manifestos for the upcoming European Elections. These manifestos vary both in size and in the messages that they want to put forward. Whilst all put forward the ideological background of the party, only some have clear policy proposals. The overarching themes of the manifestos include migration, the environment and sustainability, the EU budget and the Eurozone, as well as the need to take advantage of, and manage, digitalisation.

Please fill in your details below to get manifesto summaries on over 5 parties participating in this years' election.
